MENNONITE

HAUN CEMETERY::: Stevensville Ont.

This small family cemetery is situated on the west side of Ott Rd. in the middle of a large woods, has been abandoned for years and is well overgrown with underbrush. It has been used since the middle 1800's, however there are very few of the stones remaining; and a great number of them are broken into several pieces. Most of the stones remaining, are to be found along the west property line of this plot.
