## YOUR SUPPORT IS THE FIRST STEP

### As your Mayor I will...

- Give wholehearted effort to the duties and responsibilities of the office.
- Seek the expertise of people in our community on advisory committees and project task groups.
- Aggressively pursue commercial, industrial and tourism development.
- Eliminate the position of administrator; combine the duties of administrator and clerk.
- Offer strong support for volunteer organizations.
- Keep homeowner taxes to a reasonable minimum.
- Listen and be responsive to your needs

## BECAUSE I BELIEVE....

In the ability and skill of my fellow citizens. In the potential of this area. That the future of this community depends on Leadership.
