BOWEN RD. SCHOOL::: Bertie S.S. # 2.

Sept. 1871 .- Apr. 1951.

pictured is the second Bowen Rd. school on east side of Bowen Rd. south of the tracks:::

Southwest Corner of lot # 9 in the 4th. Concession of Bertie. Site consisted of 10,000 square ft. cost: \$ 18.75.

Tender for construction of this school, was Eben Gutler.

His bid was for \$ 985.00. Total cost of the one room school was \$ 1,202.00.

School opened it's doors in Sept. of 1871.

A shed to the east of the school served to store wood; and later as a dry place to play in, on rainy days.

At one time the pump stood at the front to the west of the doorway, but was later moved to the east side.

In 1931 an added piece of property was bought to serve as a ball field.

In April of 1951 the 66 pupils and two teachers, moved south from this little red schoolhouse to the new Bowen Rd.

Schoolhouse was again sold, and to/day there is nothing remaining on this bit of property to remind one of the learning and teaching that went on here.
