“UTVICH” MAYOR “UTVICH”

**Vote for a honest hard-working, public-spirited candidate.
My Pla tform will be efficiency in Government and Staff**

A man of vision and progressive thinking. A man with over 30 years large construction supervision experience with personal attention to detail. (See attached photos) One with proven public interest and involvement in public affairs at the local and regional level. Offered the best alternative for the proposed Stevensville Douglas Town Sewer scheme. Openly criticized the methods of constructing same. 1970- At the Niagara College, Welland, criticized the federal policies on the escalation of mortgage interest rates. Warned the large audience which comprised of contractors, real estate brokers, and banking community, that this policy would lead to slavery proportions in the house ownership industry. This has become a fact, true to my foresight. A man that has made many predictions on the economy over the years. All predictions have come true. A man with a proven record of service to the public: 16 years on the local Kinsmen Club. 10 years service on the volunteer fire department. 5 years service on credit committee of the Stevensville District Credit Union. Served as chairman on the fund raising committee to construct the original Stevensville Memorial Hall. Organized and coached local hockey teams plus other activities.

Sincerely
