

OFFICE OF  
HORACE L. FAIRCHILD, M.D.,  
SOLE PROPRIETOR OF  
Dr. T. A. Dutton's Vegetable Discovery.

**PLEASE READ THIS CAREFULLY!!**

**CONFIDENTIAL.**

I WOULD be very much obliged if you would read "FAIRCHILD'S JOURNAL" enclosed, with the object of becoming SOLE AGENT in your place for "Dr. Dutton's Vegetable Discovery," for you can *do good* and make money. Knick-knacks and novelties are very well in their way, but, as you know, soon "peg out," while a GENUINE MEDICINE grows with time, increasing in demand, and can be made a *big* or *little* business, as it is worked. By taking an agency for "Dr. Dutton's Vegetable Discovery" you have SOLE control of its sale in your place, are given a *Certificate of Agency*, and no one else can buy it of me if they paid \$1,000 for it.

I determined years ago that I would make it an AGENCY medicine instead of selling it to the trade, and though in many sections there is a great and growing demand, and the DRUGGISTS are clamorous for it, I still adhere to my original purpose, and shall only sell to *local* agents, with only ONE in a given place.

Now I would like you to take hold of it, either for CASH or on COMMISSION, as YOU see fit, but without you will agree to WORK, I would rather you would let it alone. It requires PATIENCE and ENERGY at first to introduce it, (the first dozen being the hardest to dispose of), after that there is no trouble, and it grows.

The price of the "DISCOVERY" is \$1.00 per bottle, and if you wish to become an agent ON COMMISSION, drop me a line, and I will forward you particulars and blanks to fill up.

Again, I DO wish you would read the "Journal" enclosed. It can't hurt you, and may be a good thing for you. I have many agents (and will send you their names and addresses if you wish, for I have over 7,000 in the U.S.), who sell from TWO TO SIXTY DOZEN A MONTH. **Any man or woman can do the same** after a little introduction, and the Remedy becomes known. The medicine is ALL that I claim. The four hundred ministers of the gospel who are acting as my agents *proves this*.

If you would like to begin without further delay, (and it is the BEST and most PROFITABLE way), send me \$3 by registered letter or money order, with your nearest Express Office, and I will forward you a HALF DOZEN "Vegetable Discovery," with plenty of printing matter, (Journals, Circulars, Cards, Posters, &c.), and a certificate of SOLE AGENCY for your place, **and will return you the money if you do not sell the medicine within a reasonable time, or it does not give satisfaction.** You will *nearly* double your money.

Yours Fraternaly,

**HORACE L. FAIRCHILD, M. D.,**  
NEW BRUNSWICK, N. J.

**If not convenient for you to accept the agency at present, KEEP MY ADDRESS, and write me at some future time, or mention it to some friend of yours, who would like to engage with me.**

Ladies use Diamond's Eclectic Female Pills for Irregular Menstruation. Price \$1.00. at 622 Clinton St.

# ROBINIA FLOWER

DOCTOR

McGILL'S

POSITIVE CURE FOR  
UTERINE AND OVARIAN DISEASES,

*Inflammation, Congestion, Ulceration,*

AND

FALLING OF THE WOMB.

**R**OBINIA FLOWER is a mild, pleasant, and harmless preparation, derived from the flowers of Robinia. It is applied direct to the womb, without the use of instruments, and may be applied by the patients themselves.

Some of the symptoms of diseases peculiar to women, are:—

General Loss of Strength, Loss of Appetite, Loss of Ambition, Despondency, Melancholy, Weeping, Tearful Disposition, Irritable, Fickle-minded, Want to be alone, Insanity, Nervousness, with Palpitation of the Heart, Pale, distressed appearance of the Face, Sunken Eyes, with Blueness of the Lids, Moth (liver) Spots upon the Face, Vertigo (dizziness), Headache, Backache, Weakness of the Back and Limbs, Tenderness of the Breasts with Darkening of the Rings around the Nipples, Tenderness in the lower portion of the Abdomen and Sides, in the region of the Ovaries, Dull Pain in the Back, Dragging, Bearing-down Pain, Numbness of the Limbs, Swelling of the Limbs, Varicose Veins and Ulcers, Irritation of the Bladder, Frequent Urination, Suppression of Urine, Smarting and Burning Sensation on voiding Urine,

and Whites, Dysmenorrhœa (painful menstruation—menstrual colic), Amenorrhœa, (suppression of the menses), Hemorrhage from the Womb, Undue Loss of Blood during or between the periods.

The above symptoms are due to a disordered condition of the womb, affecting the ovaries, the circulation and nervous system. Displacement of the womb, due to engorgement, causing the womb to become so heavy that the ligaments supporting it can not longer hold it in place. This condition often results in dropsical effusion, cancers and vegetations of the womb, tumors, cysts, and dropsical conditions of the ovaries and insanity.

The womb, in its inflamed or congested condition, cannot throw off this serious effusion, but retains it, increasing its weight and size. ROBINIA FLOWER removes this condition by a mild process of absorption. After each application the patient will discover a watery discharge, which is the result of the immediate absorbent action of the remedy upon the womb. Each application of the remedy reduces the engorgement of the womb, and soon allows it to regain its natural position. The serum becomes congealed, and on the second and third day passes away with the unhealthy mucus membrane in a stringy mass, thus relieving the inflammation and congestion, and all sympathetic irritations.

As soon as the womb and vagina regain their normal condition, the whites (leucorrhœa) ceases entirely, and the patient receives a permanent cure. The treatment is simple and harmless, and acts like magic; often relieving the worst form of whites in a few days, from which the patients have suffered for years (many ladies bear testimony to that effect), and often from one to three boxes will produce a permanent cure. The treatment is so simple that any lady can treat herself; thus avoiding the unpleasantness of being treated by physicians, or the torture of instruments and astringents which are barbarous. Every lady prefers to treat herself, if she has the proper remedy. Internal remedies can not remove these troubles, which has been proven by many physicians.

To obtain permanent relief the remedy must be applied direct to the parts. A sure cure for painful menstruation.

W. D. MCGILL, M. D.
