

A.B. HURREL::: 1850-

Mr. A.B. Hurrel was born in Devonshire England Oct. 11th., 1850. He came to Canada in 1854 with his parents John & Mary. He became a carpenter by trade, and worked on the building of the International Bridge. He was afterwards employed on the Ferry boat that ran between Fort Erie & Black Rock. At the completion of the Bridge in 1873, he moved to Amigari, and was employed there at the Grand Trunk shops.

In June of 1883 he went into the mercantile business. He was also Deputy Postmaster, at his place of business.

In 1869 he had married Ellen Fields, by whom he had two children, Mary Louisa & Alfred. His wife died in 1875, and in Sept. of 1877, he remarried to Agnes Stygallo of Buffalo.

THE BRIDGEBURG REVIEW::: Oct. 12th, 1916.

A.B. MURREL DEAD

Mr. A.B. Murrel died at his late residence, Niagara street, Bridgeburg, after a lingering illness, Mon. He had been a resident of Bridgeburg for many years, having kept a General store in Amigari (south ward of Bridgeburg) up to four years ago last May, when he sold out to Mr. W.T. Malkin, owing to ill health. He then built a home on Dufferin St. where he resided until two years ago when he built a beautiful new home on Niagara St.

The late Mr. Murrel always took an active part in the welfare of Bridgeburg: he was twice Reeve when it was a village; also active on the board of trade and in any other capacity that he could serve the community. He was a man of good judgment and his opinions always carried weight, with the community at large. He was a Mason and Oddfellow, and in both these societies he had the respect of the brethren as evidenced by the high offices he filled. He was born in Devonshire England 66 years ago. He leaves a widow and one daughter Dr. M. Louise Murrell, Rochester N.Y., and one son Alfred of Glen Ridge N.Y., counsel for the Prudential Life.

Interment takes place this afternoon at St. Pauls Cemetery Fort Erie. The funeral is in charge of the Palmer Lodge A.F. AND A.M. and members of International lodge I.O.O.F. will also attend in a body.
