

55 Wilton Crescent, Ottawa,
22 October, 1928

My dear Niece:-

I wish to thank you and Stanley, not forgetting Patsey, for my most enjoyable entertainment while at Fort Erie, and desire that you will again tell your mother how sorry I was to have missed seeing her and Hugh. I arrived ~~here without any~~ ^{with} any delay or incident on the evening of the day I took leave of you. It was raining hard but Matilda met me at the station with a taxi and we came home very comfortably. Since then I have been slightly ill and have remained indoors but now feel quite well again. Matilda was delighted with the pictures of the children I brought with me, particularly that of Patsy, which she thought was lovely and she particularly wished me to say, in which invitation I join most heartily that she hopes you will all be able to visit us next summer, and that she would love to have the children here, which I know to be a fact.

Miss Hayhurst, who used to be Superintendent of the Hospital at Niagara Falls has been with us since last Friday and this has made a little change in our usually rather uneventful manner of living. I hear busy voices from her bedroom as I write. Matilda joins me in love and best wishes to you all and Adam wishes to be remembered to Patsey and to Becker.

very sincerely yours

Mrs. Stanley Raymond,
Fort Erie,
Ont.
